Good afternoon, Matt,

The day-90 is upon us again, shall I put in another 15-day suspension? I hope to hear from management soon.

Best,

Good afternoon, Matt,

There may have been a misunderstanding, I called you earlier about the status of a different PMN, P-18-0020.

Best,  
Meg

Good afternoon Meg:

Could you provide an update on when we might get the green light on our PMN P 18-0041?

We have a couple of large customers with orders in hand. I have sampled them and alerted them to the TSCA status. While they understood that it was only R&D at the time, they are growing impatient. They are ready to go commercial with several hundred thousand dollars' worth of business. Is there any projected date I could give them?

Thanks you
